## RULES FOR USING THE CERTIFICATE

The Certificate may only be used within the period of its validity and on condition that the provisions of the normative documents used for certifying the products remain in effect.

The Certificate may only be used as a certificate for the products specified on the previous page. This also holds true for the use in advertising, promotional and commercial materials. Unauthorised or deceitful use of the Certificate may result in its withdrawal.

It is forbidden to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for documenting the characteristics of a product changed without the consent of the Engineering Test Institute in such a way that conformity with the normative documents used is affected.

The Certification Body requires that the Certificate holder keeps records of all complaints and corrective actions applicable to the products included in this Certificate.
